---

## Professional Summary

Aspiring full-stack developer with 1+ years of experience in designing, developing, and maintaining web applications. Proficient in front-end and back-end development with expertise in React.js, Next.js, ASP.NET, and MongoDB. Adept at creating responsive, user-friendly, and scalable solutions.

---

## Skills

- **Programming Languages:** JavaScript, Python, C#, TypeScript
  - **Web Technologies:** HTML, CSS, React.js, Next.js, Tailwind CSS, ASP.NET
  - **Databases:** MongoDB, MS SQL Server
  - **Tools & Frameworks:** Prisma, Ant Design, Bootstrap, Framer Motion, Chakra UI
  - **Others:** Git, Docker, Redis, IIS Deployment
- 

## Professional Experience

**Software Developer** – *Esyasoft Technologies*

*Jul 2023 – Present*

### Web Application Development:

- Developed and deployed robust, scalable ASP.NET web applications tailored for the energy and utilities domain.
- Enhanced user interfaces and experience, ensuring mobile responsiveness and accessibility.
- Maintained and upgraded legacy systems to meet modern performance and security standards.

### Front-End Development:

- Architected and implemented React.js-based front-end solutions for consumer-facing portals.
- Built reusable components using Tailwind CSS and Ant Design, improving development efficiency.
- Incorporated state management using Redux, resulting in smoother user interactions.

### Collaboration and Agile Practices:

- Worked closely with cross-functional teams, including QA, DevOps, and business analysts, to ensure timely project delivery.
- Adopted Agile methodologies, participating in daily standups, sprint planning, and retrospectives.
- Provided mentorship to junior developers, enhancing team productivity and knowledge sharing.

---

## Projects

### Portfolio Website

- Developed a personal portfolio to showcase skills and projects using React.js and Tailwind CSS.
- Integrated animations using Framer Motion for an interactive user experience.

### PG Management System

- Built a full-stack application using Next.js and MongoDB for landlords and tenants.
- Developed modules for booking, tenant management, and daily expense tracking.

### DSA Learning Platform

- Created a Dsa learning platform in react.js and node.js and added compiler with node.js API.
- Ensured mobile responsiveness and accessibility.

---

## Education

### B.Tech in Electronics and Instrumentation Engineering

*Sree Vidyanikethan Engineering College, Chittoor*

-2023

- **CGPA:** 8.4

---

## Certifications & Training

- Full Stack Development – NxtWave
- MongoDB Basics – MongoDB University

---

## Languages

- English: Professional Working Proficiency

- Tamil: Professional Working Proficiency
- Telugu: Native Proficiency
